<b>General Comments:</b>	Abby has done a great job in my classroom. She has always been dependable and helped in any way she could. She has asked appropriate questions regarding educational practices as well as school based procedures in order to gain her knowledge of the profession. She has worked to get to know the students and taken an active role in learning about them as both students and individuals. Making connections and building relationships with students are keys to helping students maximize their learning potential. She has used her time in order to best prepare for her lessons. The students have enjoyed the lesson topics she has presented. Abby, I wish you the best in your future teaching career.
