Suggestions for Improvement:	During the group art lesson given, it would be nice to have a finished example for the students to see. Maybe read a book and tie in another curriculum area about shamrocks before making the project. For example: a book on shamrocks or St. Patrick's Day before doing the project.
Overall Rating:	Proficient
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	Abigail seemed very interested in the Montessori method. She asked questions to help her learn the style of teaching in my classroom. If there were any areas to improve on would be interacting with the children more. Getting down on their level and working with them during lesson time. I feel she is willing to learn new things and will be a kind and patient teacher.
